6% MANGANESE EDTA

FULLY CHELATED SOLUTION

For the Prevention and Correction of Manganese Deficiencies in Fruit, Nut, Vegetable, and Field Crops.

Guaranteed Analysis

Manganese (Mn) 6.0%
6.0% Chelated Manganese
Derived from Manganese ethylenediaminetetraacetic acid.

DIRECTIONS FOR USE (continued)

Specific Recommendations For Rows, Field and Vegetable Crops (cont.)
Greenhouse or Field Grown Ornaments and Flowers: Soil: Apply to the soil as often as required by directed general recommendations. Foliar: TILL-IT 6% MANGANESE EDTA is not recommended for foliar application to greenhouse or field grown ornamentals and flowers.

Turf Grasses: Apply on a regular basis with existing spray program up to 2 quarts per acre as required. Soil: Please consult general recommendations.

Vegetable Crops: Foliar: Apply up to 1 quart per acre with sufficient water for thorough coverage with existing spray program soon after emergence. Repeat applications as required. Soil: Please consult general recommendations.

Field applications: Apply up to 1 quart per acre with sufficient water for thorough coverage with existing crop protection program soon after emergence. Repeat applications as required. Soil: Please consult general recommendations.

Compatibility

FERTILIZER COMPATIBILITY: TILL-IT 6% MANGANESE EDTA is compatible with most commercial fertilizers. However, please consult with local pest control advisor for varieties extremely sensitive to phytotoxicity from foliar application.

PESTICIDE COMPATIBILITY: TILL-IT 6% MANGANESE EDTA is compatible with most pesticides including: insecticides, herbicides, fungicides, fenoxaprop and other biorational. TILL-IT 6% MANGANESE EDTA may be incorporated into an existing spray program. Please add TILL-IT 6% MANGANESE EDTA before adding the pesticide to the spray solution. Always test new combinations for compatibility prior to field mixing.

Conditions of Sale and Limitation of Warranty and Liability

The Directions for the Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, inefficacy, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. Such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims arising from any use of this product, including without limitation uses contrary to the Directions for Use of this product, and excluding uses contrary to the Directions for Use of this product. Manufacturer and Seller will not be liable for any claim, damage, loss, or expense, whether special, incidental, consequential or otherwise, arising from or caused by the use of this product, including without limitation uses contrary to the Directions for Use of this product, and excluding uses contrary to the Directions for Use of this product. Manufacturer and Seller will not be liable for any claim, damage, loss, or expense, whether special, incidental, consequential or otherwise, arising from or caused by the use of this product, including without limitation uses contrary to the Directions for Use of this product, and excluding uses contrary to the Directions for Use of this product.
