

# SOIL WATER MANAGEMENT

Contains **AquiMax™ Technology**  
Soil Water Management System

**AquiMax™**  
Soil Moisture Management

**CONTAINS NON PLANT FOOD INGREDIENTS**

**ACTIVE INGREDIENTS:**

- 8% methyl-oxirane polymer
- 7% Nonylphenol polyethylene glycol
- 25% Polyacrylamide
- 60% Total Other Ingredients

**100% Total**

Not recommended for use as a fertilizer substitute

**U.S. Patent No. 9,307,758 ; 9,309,378;**

**9,357,769; 9,428,630**

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

**TOXICITY END POINTS FOR THIS PRODUCT EXCEED GHS CLASSIFICATION**

Avoid breathing spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, and eye protection.

**NET CONTENTS: 2.5 Gal (9.46 L)**  
**NET WEIGHT: 19.25 lb (8.7 kg)**  
**DENSITY: 7.7 lb/gal @ 68 °F**

## GENERAL INFORMATION

*VODA™ MATRIX* is a soil water management aid that improves the uniform movement of water through the soil profile and holds moisture and nutrients in the root zone.

*VODA™ MATRIX* facilitates wetting and quick penetration of irrigation/precipitation into weather hardened, arid soils which helps to decrease rill erosion, run-off and channeling.

*VODA™ MATRIX* is recommended for the agricultural market.

## DIRECTIONS FOR USE

### Irrigation injection is the most desired application method.

*VODA™ MATRIX* may be delivered via pivot, linear, sprinkler or drip tape systems.

Calibrate the flow rate prior to application according to the equipment manufacturer's directions or through visual flow volume reduction. Adjust variable speed pump to proper flow rate.

After application, flush the pump system with water.

**NOTE:** *VODA™ MATRIX* formulated with a soil moisture retention polymer and is **NOT** effective on foliage. Treatment must be immediately followed with a 1/4 inch of water to ensure soil contact.

Care should be taken by testing this product on sensitive plants before full application is performed.

## USE RATE

Read and follow all pump and equipment manufacturer instructions.

**Irrigation and large volume sprays:** To deliver the recommended rate of moisture retention polymer, apply *VODA™ MATRIX* at a rate of 2.5 to 4 quarts per acre. . Apply 2 to 3 times per season before crop stress periods: generally, early seedling development, before flowering or tasseling, and early post-reproductive cycle.

Flush system with clean water after finishing the application.

## STORAGE AND DISPOSAL

**Handling:** Spills will be slippery and adding water to spills will increase slipperiness. Treat spills with absorbent material. When absorbent material is disposed of, rinse area thoroughly until slipperiness disappears.

**Storage:** Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90 °F.

**Disposal:** Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org)

INNICTIS CROP CARE, LLC warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions For Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS CROP CARE, LLC. All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS CROP CARE, LLC makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS CROP CARE, LLC or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS CROP CARE, LLC's maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS CROP CARE, LLC shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
