

KEEP OUT OF REACH OF CHILDREN WARNING

Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eyewear when handling. Harmful if inhaled. Avoid breathing spray mist. When handling wear chemical resistant gloves, long sleeve shirt, pants, socks, and chemical resistant footwear. **NOTE:** Read and follow all label directions and cautions on all products used.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

****Have the Product Container or Label with you when calling a Poison Control Center or Doctor, or going for Treatment.***

GENERAL INFORMATION

FOR USE WITH AGRICULTURAL AND INDUSTRIAL PRODUCTS

WESTLINK AG's 90-10 SURFACTANT is a highly concentrated, low-foam, non-ionic spreader activator and defoaming agent. **WESTLINK AG's 90-10 SURFACTANT** increases the activity and effectiveness of agricultural insecticides, fungicides and herbicides, by breaking down the waxy cuticle on the leaf surface, and improves adhesion between the pesticide and the plant surface.

APPLICATION RATES

<u>APPLICATION</u>	<u>PER 100 GALLONS</u>
Agriculture, Citrus, Turf	1/2 to 2 pints
Utility and Highway R.O.W.	1/2 to 4 pints
Forest Site Preparation	1 to 4 pints
Insecticides, Fungicides, Miticides	1/4 to 1/2 pint

DIRECTIONS FOR USE

This product cannot be used for aquatic applications in the State of Washington.

For use with insecticides (livestock sprays), fungicides, miticides: Use 1/4 to 1/2 pint (4 to 8 fl.oz.) per 100 gallons of water.

For use with herbicides (terrestrial), defoliant, desiccants: Use 1/2 to 4 pints (8 to 64 fl. oz.) per 100 gallons of water. In difficult wetting situations (such as hard water on mature waxy foliage) the higher rates may be required.

NOTE: The application rates on this label are based on pesticide labels, which recommend the use of a nonionic surfactant. Rates of this product may be increased or decreased. For optimum results, follow pesticide labeling for proper recommendations. Before using **WESTLINK AG's 90-10 SURFACTANT**, where a nonionic surfactant may not be recommended, the user or applicator advisor must have experience with the combination, or must have conducted a phytotoxicity trial.

STORAGE AND DISPOSAL

Store in cool, dry place. Keep in original container tightly closed. Do not reuse empty container. If frozen, warm container and shake well before using. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

Note: Keep out of Lakes, Ponds or Streams. Do not contaminate water sources by run-off from cleaning of equipment, disposal of rinse waters or spray mixtures.

CONDITIONS OF SALE AND WARRANTY

WestLink Ag warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. WestLink Ag neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of WestLink Ag and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall WestLink Ag or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by WestLink Ag and is accepted as such by the Buyer.
